ABOUT US >>

We are pleased to introduce ourselves as one of the leading Manufacturing Companies in the field of S.S. Welded tube and Components for V3, V4, V6, V8, V9 and V10 Submersible Pumps and Motors. We are providing Technical services for getting better & economical solutions with precise output. We aim at delivering only Excellence quality proven equipment to our clients to gain optimum satisfaction.

Shri Ganesh Industries established in the year of 2010. The company has been promoted by two partners Mr. Mukund Dodiya and Mr. Mukeshbhai who has more than 19 years of experience in this industry.

Our production capacity is now 1500 pipes/day and we are manufacturing of S.S. Cover for Plastic & casting Bowl - Impeller.

Pipes can be supplied in polished or dull finish or matt finished condition. Also we can manage grooving operation as per customer requirement. We are also able to make 0.20 mm tube for Can motors in different Diameters.

We do not limit our scope of activity by supplying our products only, we provide consult, communicate and find your basic need and applications for better serve our product as per specified customer requirement, so please feel free to ask for your requirement and we can give you complete solutions to your need.

QUALITY ASSURANCE >>

Shri Ganesh Industries carries a quality management system which is the result of high and constituent standards of process, which is reflected in the high quality of the products.

The manufacturing is carried out under strict process control and monitored throughout the production process to ensure total conforming to requisite specifications.

All through the process and finally before dispatch, uncompromising and stringent tests are carried out.

We have a full traceability system starting from raw material receipt, production division, and dispatch division along with billing section.

Understand customer's requirement and expectation.

To cover the exact raw material as per requirement with the test Certificate.

Manufacture the goods as per process plan with tolerance limits at every stage.

Straightness 0.3mm max. For 500 mm length / 0.7mm for 1 meter lengths

Final quality check by our inspection department.

PRODUCT PROFILE >>

- 1) Diameter : Pipe of every diameter from 60 mm to 350 mm diameters.
- 2) Wall thickness : Thickness from 0.40 mm to 4.00 mm.
- 3) Length : In cut length from 8 mm to 1.7 mtr.
- 4) Finish : All grit finish, buffing up to 1200 grit.
- 5) Special Operation like Grooving, Seam Welding, Expanding, Flaring, Spot welding or as per requirement can be done.
- 6) Grades : In all 202 Series, 304, 304L, 316, 316L and 2205 duplex and also as per customers requirements.
- 7) Testing : Hydro-Testing, Flare Flange.
- 8) Ring for use in impeller also in any size from 8 mm or other length.

Stainless Steel Round Pipe	
Product size:	3"4", 5", 6", 7", 8", 9", 10"
Grade:	J4, J1, 304, 304L, 310, 316, 316L, 321, Duplex Material
Thickness:	1.00 to 4.00 mm

PIPES FOR SUBMERSIBLE PUMP & MOTOR			
STANDARD SIZE ID	STANDARD SIZE ID	STANDARD SIZE ID	STANDARD SIZE THICKNESS IN MM
63.00 mm	93.0 mm	137.0 mm	0.40
69.80 mm	105.00mm	138.0 mm	0.50
71.00 mm	110.00 mm	140.00 mm	0.60
78.00 mm	115.00 mm	165.00 mm	0.80
